

TEJAS L

Computer Science Engineering Student | Full Stack & AI Enthusiast

Bengaluru, Karnataka | tejasteju937@gmail.com | +91 8618181586 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science Engineering student with strong skills in full-stack web development, Python programming, and AI-based applications. Experienced in building responsive applications using Flutter, Node.js, Express.js, and MongoDB Atlas. Passionate about software development, cybersecurity, cloud technologies, and problem-solving through innovative solutions.

TECHNICAL SKILLS

Languages: C, Java, Python

Web & App Dev: React, HTML, CSS, JavaScript, Flutter

Backend & DB: Node.js, Express.js, MongoDB Atlas

Tools & Platforms: GitHub, Visual Studio Code, Vercel, Render

Core Concepts: Data Structures, Problem Solving, Cloud Basics, Networking, Machine Learning Basics

PROJECTS

AI-Powered Voice-Based Food Delivery App | *Flutter, Node.js, MongoDB Atlas, Vercel, Render*

- Developed a smart food delivery platform featuring voice-based user interaction and a responsive Flutter UI.
- Implemented backend services and database integration using Node.js and MongoDB Atlas.
- Deployed application components on Vercel and Render for production use.

VermiTrack – Smart Vermicompost Monitoring System | *IoT, Mobile App, AI Chatbot, Sensors*

- Built a full-stack IoT system for real-time vermicompost monitoring via a mobile application.
- Implemented control functionality for 5 motor actuators and integrated an AI chatbot for user guidance.
- Showcased at Smart India Hackathon (SIH), Techno Exhibition, and Aikyam IPR Event at RVITM.

Hybrid Collaborative Cloud-Based IDS (Ongoing) | *Python, Machine Learning, Networking*

- Designing an intrusion detection system to monitor and analyze network traffic in real time.
- Applying ML-based anomaly detection and exploring cloud-based collaborative threat monitoring.

INTERNSHIPS

Full Stack Development Intern | *Intrnfort*

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Improved frontend structure and overall user experience.

Web Development Intern | *Plasmid*

- Worked on real-time web applications and UI enhancements.
- Assisted in frontend improvements and debugging.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science Engineering

Expected Graduation: 2027

Dr. Ambedkar Institute of Technology, Karnataka | CGPA: 8.0

SOFT SKILLS & INTERESTS

Soft Skills: Problem Solving, Teamwork, Adaptability, Quick Learning, Analytical Thinking

Interests: Artificial Intelligence, Cybersecurity, Cloud Computing, Full-Stack Development
